

Invosys Is Lowering Costs for Charitable Organizations & Enhancing Call Service

Invosys is transforming how charitable organizations connect with their communities by significantly lowering the cost barrier while enhancing both the caller and call handler experience. As a result, charitable organizations can allocate their funds more effectively towards their core mission and better serve the needs of the community.

Affordable Calling, Unlimited Possibilities

For charities grappling with the cost of maintaining a contact number, Invosys offers an accessible solution with low cost options for charities end-users. Transitioning to Invosys means moving away from expensive 03xx numbers or traditional local numbers to an option that saves you money while amplifying your reach.

- **Freephone Numbers** – Now universally free from both landlines and mobiles, Invosys is eliminating charges for pay-as-you-go callers who wish to reach out.
- **Memorable 03xx Numbers** – Easily migrate to a more memorable number at no additional cost, enhancing accessibility and recall among your audience.

Expertise That Speaks Volumes

Invosys is a leading provider of call management solutions, pooling years of expertise to serve a diverse clientele, including high-profile businesses and charitable organisations. Our commitment to communication excellence is mirrored in our partnerships with Tier 1 networks, ensuring unmatched reliability and a stellar 100% uptime record over the last four years.

Advanced Features Tailored for Charitable Needs

Leverage a wide array of advanced features designed to make call management seamless, scalable, and secure for your organisation:

Call Queuing: Manage high call volumes effortlessly by holding excess calls in the cloud, significantly reducing on-site queuing.

Caller Exception: Prioritize urgent calls and block nuisance ones, ensuring your team focuses on what truly matters.

Remote Worker Hunt Groups: Seamlessly manage volunteer groups with flexible call-receiving options, perfect for on-call or remote volunteers.

Call Shield: Protect your operations from fraudulent or suspicious calls, ensuring peace of mind for your team and callers.

Enhanced Reporting: Callers can access live analytics and historical call data with tailored reports, offering insights into call patterns and efficiency.

Contact Invosys to See How Your Charity Can Benefit

With Invosys, every penny saved on communication costs is a penny you can redirect towards fulfilling your charitable mission. **Make the switch today** and empower your charity with low-cost to free call management features.
